SMARTBED

COM 33

Smartbed is the first innovative sofa bed mechanism with fully automatic opening. The sofa is converted into a bed with a single push of a button, satisfying the need for a sofa bed requiring no effort to open and close it. This model can be used with a 14 cm spring mattress or 12 cm polyurethane mattress, 200 cm in length. The frame is supplied with bayonet couplings making the sofa demountable and transportable. It can be opened and closed via remote control.

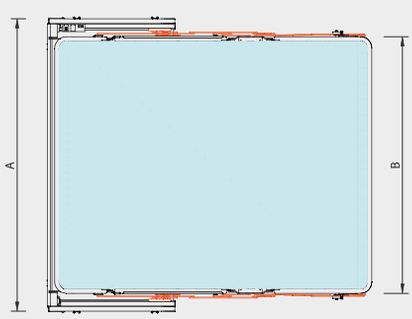

Smartbed è il primo e innovativo meccanismo per divano-letto ad apertura completamente automatica. Infatti, la trasformazione da divano a letto avviene azionando una semplice pulsantiera, risolvendo al meglio l'esigenza di avere un divano-letto senza dover compiere alcuno sforzo per l'apertura e la chiusura. Questo modello, può prevedere l'inserimento di un materasso a molle da 14 cm o in poliuretano da 12 cm, per una lunghezza di 200 cm. Il telaio viene fornito di attacchi a baionetta che rendono il divano smontabile e trasportabile. Apertura e chiusura sono attivabili tramite telecomando.
